

## We are looking for new teammates!

### This is us

Movora was founded in 2020, when BioMedtrix, KYON and VOI have joined forces to form the leading global veterinary orthopedic group. Since then, several additional companies and brands have joined the group. Collectively, we have now a local presence in 10 countries and serve more than 50 markets around the world.

Movora is a global company focused on the advancement of animal health. Rooted in veterinary orthopedics, Movora's foundation is built on decades of advancements in animal mobility. The group utilizes legacy expertise to deliver a broad range of innovative products by bringing together key leaders in veterinary medical technology to deliver progressive solutions.

Movora embodies a philosophy of always caring. Anticipating consumer needs and offering reliable solutions, alongside education, provide our customers value beyond product. We are proudly forward thinking. We prioritize reinvention, individuality, and always making the next leap in innovation.

**To strengthen our position in the veterinary orthopedics market and to accelerate the success of our fast-growing company, we are looking for an Education Coordinator for our office in Zurich**

## Education Coordinator (80-100%)

### Your team

- You work in a small international and multicultural team and also closely with our offices in the US
- Your workplace is based in our office in Zurich city
- You report to the Education Manager

### Your mission

- Accountable for the organization and execution of Movora's educational courses for all Movora brands in the Europe region as well as for supporting the courses outside of Europe (excl. US)
- Schedule and execute all education courses in the Movora Education Lab in Zürich as well as locally in the regions together with the country managers
- Coordinate and interact with Movora's Key Opinion Leaders / Instructors to manage their availabilities and inputs together with the education team
- Coordinate with different regional and global stakeholders like marketing, product management, sales, and education to achieve the desired outcome
- Responsible for the booking of the venues, the logistics of all required materials and timely communication with participants
- Submit each course for CE certification
- Overlook the education course budget
- Being responsible for the successful delivery of both virtual and practical hands-on courses
- Achieve a positive return-on-investment for each educational course to grow the Movora business
- Keep up to date with new procedures and advise accordingly

**Your skills and professional experience**

- At minimum 3+ years relevant experience in Education
- Veterinary nursing including Orthopaedics and soft tissue knowledge is a plus
- Strong organizational, communication, and interpersonal skills with the ability to resolve issues with a mature, calm, and flexible approach
- Strategic, structured, and well-organized mindset, multi-tasking abilities
- Ability to learn fast and identify customer needs
- Commercial drive
- Excellent verbal and written communication in English, additional languages are an enormous plus
- Up to 30-40% travel
- Proactive doer with a passion for the veterinary industry

**We offer you**

- A diverse field of activity in a dynamic SME with a refreshing spirit
- Flat structures and fast decision-making
- An international environment, a young team that appreciates open, cooperative exchanges and supports each other
- The opportunity to take responsibility, help shaping and implementing solutions
- Conditions of employment in line with the market and opportunities for further personal development
- A workplace in the city of Zurich with good public transport connections
